

CROWN NAPKIN FOLDING

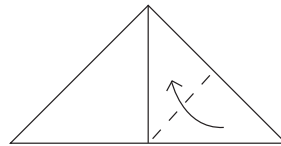

1

Start with square Chinet® Dinner Napkin completely unfolded. Fold the napkin in half diagonally.

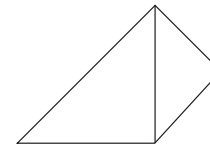

2

Orient the napkin so the open ends are pointing away from you.

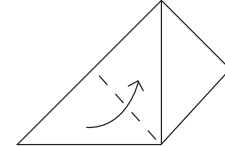

3

Fold the right-corner up so that the point rests directly on top of the middle-corner.

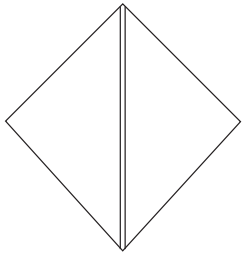

4

The edge of this new flap should lie on the center line of the napkin.

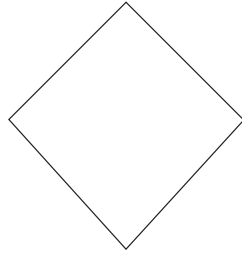

5

Repeat on the other side, bringing the left-most corner up to meet the middle-corner,

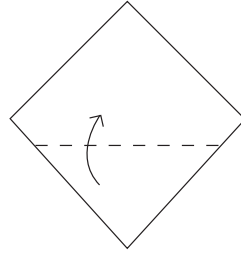

6

creating a diamond shape.

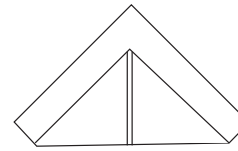

7

Flip the napkin over (horizontally), keeping the open part of the napkin at the top.

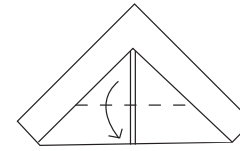

8

Fold the bottom of the napkin up about two-thirds of the way

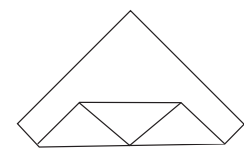

9

and press this fold down well.

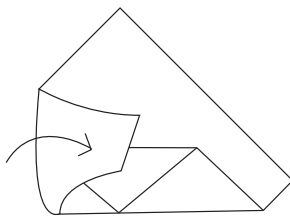

10

Fold the smaller triangle down

11

so the point rests on the near edge of the napkin.

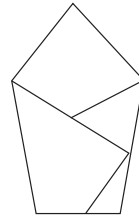

12

Curl the left and right sides of the napkin up so they meet in the middle

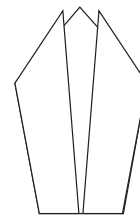

13

and tuck one into the other.

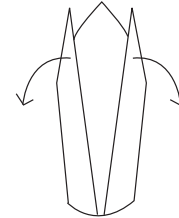

14

Your napkin should look like this.

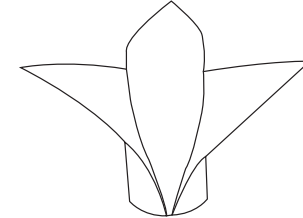

15

Flip over.

16

Stand up napkin and pull down on sides.

17

Tug at napkin where needed to even it up and round it out.
