

TURKEY NAPKIN FOLDING

To Form Body:

1

Start with a Chinet® Dinner Napkin completely unfolded. Fold the top right and left corners to meet in the middle.

2

Your napkin should look like this.

3

Make a second fold to meet in the middle.

4

Your napkin should look like this.

5

Make a third fold to meet in the middle.

6

Your napkin should look like this.

7

Fold the napkin to form body.

8

Your napkin should look like this.

9

Fold tip down to create beak.

10

Your napkin should look like this when standing upright.

To Form Feathers:

11

Take a Chinet® Lunch Napkin and unfold once to form a long rectangle.

12

Fold the napkin accordion-style from the shorter edge, leaving about 3 inches of napkin unfolded.

13

Turn napkin over so the accordion portion faces down.

14

Fold in half.

15

Fold and tuck the unfolded portion of the napkin into the center accordion slot.

16

Your napkin should look like this.

17

Place the accordion portion behind the neck of the turkey on top of the body.
